Meet in Mokopane (Potgietersrus). Last chance for shopping, before we leave civilisation behind us - you must be totally self sufficient for the next 5 days. We use backroads into the Olifants river gorge. Passing old abandoned mines the 4x4 tracks takes us into the mountains where we will overnight at our exclusive bush camp. Camping under the stars - LIMITED ABLUTIONS

Depart after breakfast and cross the Olifants river, before we start the long climb into the Strydpoort mountains. Spectacular scenery and magic vistas come and go, before we arrive at our second bush camp in the mountains. Tonight, while sitting around the camp fire and sipping a cold one, we will think back on today's route and admire the pioneers of the olden days who crossed these mountains in ox wagons! Camping under the stars - LIMITED ABLUTIONS

A full day ahead of us as we start our descent into the valleys below. A complete change of habitat as we drop through a magnificent afro-montane forest, before arriving in the warm lowveld of Limpopo. Quick re-fuel, before we enter the Letaba sector of the Great Limpopo Transfrontier Park. After an extended game drive, we arrive at our wilderness bush camp in the heart of the famous Big 5 area. Wild camping - NO ABLUTIONS

Leave after breakfast, explore the trail-exclusive areas of the Park, before arriving at our wilderness bush camp on the banks of the Great Letaba river. Sundowners watching the sun set over the water - one of Africa's magic spectacles! Wild camping - NO ABLUTIONS

Depart after breakfast, exit the Park and "hit" civilisation close to Phalaborwa.

END OF SAFARI
