

Bundutec guided self-drive adventure : 30 Sep - 9 Oct 2022 **Secrets of Botswana**

With a full 38% of its total land area devoted to national parks, reserves and wildlife management areas – for the most part unfenced, allowing animals to roam wild and free – travel through many parts of the country has the feeling of moving through an immense Nature wonderland.

The first – and most lasting impressions – will be of vast expanses of uninhabited wilderness stretching from horizon to horizon, the sensation of limitless space, astoundingly rich wildlife and bird viewing, night skies littered with stars, and stunning sunsets of unearthly beauty.

30 September

Depart Gauteng and drive Via Ellisras to Groblersbrug border post.
Drive via Palapye, do final shopping, and drive to Khama Rhino Sanctuary.
Camping with ablutions.

1 October

Depart from Khama and drive to the Makgadikgadi Pans.

Mystical Lekhubu (Kubu) Island is our overnight destination. It is extremely difficult to describe the atmosphere that enfolds this vast expanse of 12 000 square km of nothingness, the subtle hues at sunset that change the landscape into a wonderland of surrealistic beauty.

Camping with very limited ablutions.

2 October

We depart early morning, as we have to cross the huge Ntwetwe pan and extensive grasslands on our route. This is a spectacular, but very dusty drive. Our destination is Planet Baobab close to Gweta. Planet Baobab has the biggest, coolest swimming pool in the Kalahari.

Camping with facilities

3 October

Depart and drive with the A3 tar road to Maun where we will stock up for the next four days of wilderness camping.

There will be time this afternoon to take a scenic flight over the Okavango Delta (own cost)

Camping at Sitatunga Camp or similar

4,5,6 & 7 October

We will camp along one of the tributaries of the Khwai river on the eastern areas of the Okavango Delta, boasting one of the most diverse and richest ecosystems on the continent.

This makes for spectacular game viewing and bird watching, including all major naturally occurring herbivore and carnivore species in the region (including Lechwe and Sitatunga), and over 400 species of birds

Wilderness camping - no ablutions

8 October

Depart from this paradise, make our way back to Maun from where we will hit the main tar road back to Gweta and further east to Nata.

Camping with facilities

9 October

Depart Nata, and drive via Francistown to the Martinsdrift border post

Cross the border back into South Africa.

End of safari

Total distance: Approx 2500 km

Bundutec Rate: R 7500.00 per person (Max 10 vehicles)

(Normal rate R 9500.00 per person)
